

MAESTRO PARTNER PROGRAM

We help our partners grow and differentiate their businesses, by providing the most sophisticated financial planning solutions designed to transform how small to medium-sized organizations budget, forecast and report performance.

Maestro Partner Program

Connect. Grow. Succeed.

The Maestro Partner Program is designed to support our partners as they grow their business by providing the industry's most sophisticated intelligent planning and analytics solutions to their customers.

OUR APPROACH

Entirely focused on customer success, Centage has the vision, the solutions and the tools to help our partners better serve customers with modern solutions that solve real-business problems, improve performance and yield a strong return-on investment.

That is why Centage has built a program centered on the following principles:

- **Committed to Customer Success.** We understand the most important decisions we make will add value for our mutual customers.
- **Focused on Partner Growth.** We are committed to delivering the innovative solutions and resources you need so your business can thrive.
- **Encourage Strong Connections.** We promise to collaborate and seek input, and evolve to better meet your challenges and your customers' needs.

The net result is a true partnership, in which Centage and channel partners work in harmony to create business opportunities, engage customers, and close deals.
